GARD-TEC

LOCKING BOX

Attention **EMS professionals and Firefighters** — secure drug bags, narcotics, and Knox box key or keys

GARD-TEC

is a rugged, secure locking box that is programmable for individual needs. Gard Tec fits a range of uses--from household (for jewelry and other valuables); to taxi (for cash); to fire and medical emergency vehicles (for narcotics control).

The Gard-Tec box is available in three sizes and can be fitted with five different types of electronic locks:

- keypad
- magstripe
- proximity
- magstripe by keypad (dual system)
- proximity by keypad (dual system)

Excellent for securing your jewelry, money, keys.

Special uses for emergency medical professionals and firefighters to secure drug bags, narcotics, and Knox box key or keys.

Available options of the **GARD-TEC** system include:

- A non-volatile memory that stores 250 user/supervisor codes and audit trail
- Optional software to program and audit the locks
- Locks that will hold the last 1,500 access attempts with date, time and user name
- Motor driven latch
- LED status indicators
- Jump-start 9-volt battery
- Audible alarm bolt option
- Dual credential access
- Low-battery indicator
- 4-AA battery pack mounted on door (*two-year battery life*). Alkaline batteries recommended
- 5-minute lockout after multiple invalid attempts
- Embedded security data
- Locking box that can be bolted down
